**My Glacier Village is a volunteer-driven membership community of seniors helping seniors age independently in their own homes.**

- A whole village of friends providing community, connection, and support.
- Why It Matters: Aging is easier—and better—when we don't do it alone.

Electric fingernail clippers are automated grooming tools that safely trim and often file nails with a rotating blade, featuring designs for all ages, especially seniors or those with dexterity issues, offering benefits like mess containment, adjustable speeds, LED lights, and USB charging for convenient, smooth, and easy nail care. They work by inserting the nail into a slot, where a hidden blade gently shaves it down, preventing painful cuts and leaving a smooth, finished edge, making them ideal for busy families, people with arthritis, or visually impaired individuals.

### FUN FACTS ABOUT APRIL FOOL'S DAY

Scotland traditionally celebrates for two days. The first day people are sent on fake errands. The second day involves pranks targeting the backside, such as pinning "kick me" signs.

Taco Bell ran full-page ads in major U.S. newspapers announcing it had purchased the Liberty Bell to "reduce the country's debt" and renamed it the "Taco Liberty Bell." The National Park Service had to hold a press conference to deny the claim.

The BBC aired a segment reporting that Swiss farmers were enjoying a record spaghetti crop and showed footage of people picking strands of pasta from trees. Many gullible viewers called in wanting to buy their own spaghetti plants.
